

## MARKET STREET THE SCENE OF WAR

All Day Disturbances in Principal Business  
Thoroughfare of Philadelphia.

## POLICEMEN WERE ROUGHLY HANDLED

By a Mob of Several Thousand Strike Sympathizers—  
Muskets Snatched from Hands of Young Militiamen  
Mob Ignored Drawn Bayonets—One Member of  
the Fencibles Beaten and Stripped of His Uniform.

Philadelphia, Feb. 22.—Three boys were shot and probably fatally injured, while several received less severe wounds, today in riots which followed the resumption of service by the Philadelphia Rapid Transit company. The shooting occurred in attacks on cars in the northeastern section.

## Market Street Cars Stopped.

Market street, the principal business thoroughfare in the heart of the city, was the scene of disturbances during the entire day. Cars were stopped and two policemen were roughly handled by a mob of several thousand persons. A dozen arrests were made and the prisoners placed in a trolley car. This was stormed by the mob and two of the prisoners escaped.

Entire State Militia May Be Called Out.  
Preparations were made by the authorities to call upon the entire force of the state militia if the police tomorrow are still unable to cope with the situation.

Labor Leaders Go to Washington.  
President Murphy and the Central Labor union still regard a general strike of all trade unions in the city as inevitable, though the latter has reported to be opposing this move. A delegation of labor leaders left for Washington today to urge President Taft to use his influence for a peaceful solution of the trouble.

## State Fencibles Consider It a Picnic.

Members of the State Fencibles, an independent militia unit, numbered about 200 strong, were placed on duty today, armed with loaded muskets. They were detailed to guard the mill district in the northeast, which is a hotbed of union sympathizers. In the first attack they were heavily beaten by a mob, who paid no attention to the drawn bayonets and snatched the muskets from the hands of the young militiamen. Members of the State Fencibles, according to Mayor Reyer, acted as though they were on a picnic, allowing the girls in the mill district to wear their caps and cut the brass buttons off their uniforms. At one point a group of rioters captured a member of the Fencibles and carried him several blocks from his post, where they stripped him of his coat, hat and cartridge belt and gun and threw them into the street. The probably fatally injured boys and John Hayes, 18 years old, shot in the neck, John Smith, 17 years old, shot in the arm, and Wm. Collins, 20, shot in the groin. All were taken to a hospital.

## All Union Labor Called Out.

An attempt to organize labor in Philadelphia was called this morning by John J. Murphy, president of the Central Labor union, in sympathy with the striking street railway employees. It is claimed that between 75,000 and 100,000 men were called out. The Central Labor union claims a membership of 100,000. Whether the strike order will be obeyed cannot yet be told.

## Union Organizer Held in \$3,000 Bail.

Mr. Murphy could hardly contain his indignation against the city officers in taking the Central Labor organizer, C. O. Pratt, into custody. A rumor that he was to be held in \$3,000 bail, Mr. Murphy is current. Police officers have taken to a hospital.

## IMMIGRANTS IN PANIC

## ON ELLIS ISLAND.

Scattering of Disinfectants in Corridors Created a Stampede.

New York, Feb. 22.—Four Italian immigrants were injured when a hundred of them became panic-stricken because of the scattering of disinfectants in the corridors and detention rooms of Ellis Island today. The panic broke out when a man threw a bottle of disinfectant, and the others ran wildly to the windows.

Early every morning the night force in the immigration quarters spreads a powerful disinfectant. This time the sprinklers reached the second floor on the northwest portion of the building shortly after midnight. A strong odor penetrated the big room containing the 100 Italians. Those whom it awakened thought there was a fire, and their cries aroused every man in the compartment. All the windows were broken and the men fled in a panic, and the immigrants tried vainly to get through them.

As employees on the outside endeavored to quiet the Italians, but were unsuccessful. Finally, the immigrants were led out, and the night force added to the excitement. In the meantime, word was telephoned about the various buildings on the island, and every available employee was sent to the corridor and detention room. The Italians continued fighting to escape until forcibly suppressed. The four injured men were taken to the hospital.
